

Town of Conway, NH

Spring Road Ban Travel Permit Application

Adopted by the Board of Selectmen, November 26, 1996

Revised July 14, 2009, Revised May 3, 2011, Revised May 10, 2017, Revised June 27, 2019, Revised February 27, 2020, Latest Revision November 20, 2024

Fees: An application fee of one hundred dollars (\$100) shall be included with the application submission.

Bond Posting for Overweight Travel: The Town posts weight limits on certain roads or sections of roads that would suffer excessive damage by vehicles transporting weights over and above the posted limit. In the Spring time the Town announces the Annual Posting of Town Roads, in which vehicles with a GVWR (Gross Vehicle Weight Rating) of ten tons or more shall be prohibited from using any Town Road (Town Ordinance Chapter 152-1). Overweight travel may be allowed subject to weather conditions at time of travel and conditions of this permit. All travel shall require a continuing surety bond or a deposit on hand. In either case, the amount of funding shall be five thousand dollars (\$5,000) per Town road traveled. After surety has been received for the overweight travel, the Contractor/Developer must schedule transport times with the Town. The Town will require 48 hours' notice in order to schedule personnel. The Highway Foreman or Town Official will follow the overweight load over the Town Road(s). If no damage is caused to the road, the full surety amount will be returned.

Liability: The applicant and its contractor agree to assume all liability associated with the travel. This liability is extended, but not limited to motorists, pedestrians, utility companies or abutters. Proof of liability insurance may be required to be submitted to the Town prior to the start of travel. The applicant and the contractor further agree to hold harmless the Town of Conway from any and all claims arising from this travel.

Violators of Spring Road Posting: Violators of Chapter 152-1; Weight Limits and Through Trucking will be fined two hundred fifty dollars (\$250) for the first offense and five hundred dollars (\$500) for each subsequent offense.

Enforcement and penalties: Failure to obtain a permit prior to construction or failure to comply with the conditions and specifications of a permit shall be subject to the penalties, fines and enforcement procedures authorized by NH RSA 236:14, NH RSA 676:17, NH RSA 676:17-a. and/or NH RSA 676:17-b.
