Dear:

This is to notify you that the monies spent by the Town to assist you will be made a Lien on the real estate which you own pursuant to NH RSA 165:28. There will be no enforcement of the Lien so long as the real estate is occupied as your sole residence, your surviving spouse, your children who are under age eighteen (18) or blind or permanently and totally disabled. Interest at the rate of six (6%) percent per year shall be charged on the amount of money constituting such Lien commencing one (1) year after the date of filing of the Lien unless a majority of the Selectman vote to waive such interest. Please call me if you have any questions.
