SELECTMEN'S REPORT

The year 2020 proved to be difficult not only for the Town Staff and Selectmen, but also for the citizens of the Mount Washington Valley.

The entire Town Staff stepped up to provide services as near to normal as possible during the COVID-19 pandemic. The Town Hall was closed temporarily for most departments, while the Town Clerk's Staff met with customers in the back parking lot to conduct business. All other Town Hall Staff worked both at home and in the office. The Highway Crew split into two groups in order to keep the workers as healthy as possible.

All four elections were very successful with many casting their votes via absentee ballots. We had a drive-thru style Town Election at the Town Garage, as well as holding in person the State Primary and Presidential Election. Through all elections, we were able to maintain social distancing and sanitizing procedures as well as requesting all to wear face coverings.

The Recreation Department produced a mobile Easter Bunny who traveled around Town to resident's homes, a drive-thru family night event and Halloween Party. The Recreation Department Summer Camp was one of the only programs in the State that was able to provide the experience while maintaining COVID-19 recommendations for small groups, social distancing, and increased sanitization.

The Short-Term Rental Committee did a great job in developing recommendations to put before the voters this Spring 2021. These regulations will help address life safety needs, noise, and overcrowding.

The Board of Selectmen's are trying to address several severe problems that are affecting the entire Town as a result of the pandemic.

All of our outdoor recreation facilities were inundated with day trippers that overwhelmed our lakes, rivers, trash, and restroom facilities. The Town doubled it's cleaning and trash pickup. Moving forward, the Selectmen hope that utilizing parking attendants and pay stations will help to alleviate some of the problems, but also produce revenue to help pay for the extra work the influx of visitors are causing the Town. Plans moving forward also include working with North Conway Village to create new bathroom facilities.

The Select Board and voters listened to the request of the Town Manager and voted against many warrant articles on the 2020 ballot which helped to lower the Town's tax rate by over \$1.00/\$1,000 valuation.

Looking into the future, the Town Staff and Selectmen will continue to work with the guidelines and recommendations set forth by the State of New Hampshire and the CDC to look out for the best interest of our picturesque valley and all those who live within it.

Sincerely,
C. David Weathers
Chair

Town of Conway, NH

TOWN MANAGER'S REPORT A MOST PECULIAR YEAR

What can one say about 2020 that hasn't already been said? A darkness descended on the world, including our lovely little corner of it. The Coronavirus, a.k.a. COVID-19, presented a great many management challenges. Everyone seemed on edge and highly stressed as they tried to process the potential of becoming very ill or even dying from this pernicious flu. Early on, Town Staff and crews were designated essential personnel. After all, the roads must be plowed, police must respond and someone, often me, had to be at the other end of the line to field the hundreds of emails and questions that came in daily. It is during these times that the people look to their government for help and guidance. I believe Conway's response was measured and appropriate.

Early on, we split our staff and crews up into teams. Where practical, we sent some to work from home. Others worked in isolation. I can tell you, without reservation, that you can be proud of how your Town staff and crews responded to these unprecedented events. The Team really pulled together for the common good. Special recognition goes to the Town's Recreation Department, who came up with impressive and innovative ways to offer services and increase morale in a socially distanced world.

The constant changes in protocols coming from higher up was frustrating. Issues surrounding gloves, masks, how long to wash your hands, whether or not sanitizers worked, social distancing, what can stay open, what had to close were changing so quickly that we struggled to keep up. I would send out a memo regarding a protocol and, one Governor's briefing later, I would be rescinding it and sending out a modification. Although, in my opinion, the Governor did an excellent job communicating with the people of New Hampshire, I would think the scientists at the Federal level would have had a better handle on this pandemic after supposedly spending decades preparing for it. But we got through it, as they say, one day at a time.

Eventually, we took the first tentative steps to reopening. In May, we had our first ever "drive through vote" and received many positive comments about it. I had asked the Selectmen to ask the voters to vote down half a dozen warrant articles that could be put off a year. This allowed us not to "raise and appropriate" money that had already been placed on the warrant at the deliberative portion of Town Meeting. Our concern was that State revenue sharing might fall short of our beginning year estimates. As it turned out, the State fulfilled its revenue promises and we were able to lower the tax rate in the fall to give property taxpayers some much needed relief; a silver lining to an otherwise stressful year.

For all of the summer, we “car hopped” vehicle registrations out in our parking lot. We encouraged people to do as much online and via email as possible. To help jump start the local economy, we fast-tracked outdoor dining permits and outdoor retail permits to great effect. We improved our ability to hold socially distanced meetings by moving them to the Marshall Gym and scrambled to solve internet and tech issues relating to online meetings.

Reopening the Valley brought unanticipated problems. Our seasonal visitors were themselves fleeing from COVID hot spots and looking to blow off steam. Because many sites and attractions were shut down where they live, crowds arrived here like we’ve never seen before. With limited lodging and dining options available, they congregated at our recreation sites. All of these sites were overwhelmed by crowds. The Town responded by increasing trash pick-ups, increasing sanitation facilities (porta-potties), and increasing cleaning schedules. Police, fire and rescue teams were very busy. Fortunately, we were able to draw upon COVID relief funds to cover much of these unanticipated costs.

We are still dealing with issues of trying to run a Town where employees are being exposed, testing positive or having to isolate or quarantine for weeks. We like to think we run a pretty tight ship and the loss of just a few people seriously impacts our ability to function.

The future is always uncertain but we are taking steps to adapt to this COVID world. As I write this, the first of our residents are getting a vaccine. Remote meetings have become the norm. We are seriously looking into charging for parking at our most popular sites so that the tourists who come up to use them pay for the costs to manage them.

We are asking for the ability to license and regulate short term rentals to address many of the problems they have caused in our residential neighborhoods. And, we are in the middle of moving the Town Hall to Conway Village.

Like everyone else, I long for a return to normalcy and a brighter future. However, I suspect that we are in a marathon, not a sprint, and pacing and patience will be the keys to our success. Please, everyone, be safe and considerate of others.

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen and Town Manager
Town of Conway
1634 East Main Street
Center Conway, NH 03813

Dear Members of the Board and Town Manager:

We have audited the financial statements of the governmental activities, each major fund, and aggregate remaining fund information of the Town of Conway for the year ended December 31, 2019. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and, *Government Auditing Standards* and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated December 11, 2017. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Town of Conway are described in Note 1 to the financial statements. As described in Note 2-C to the financial statements, the Town of Conway changed accounting policies to change the way the Town reports its fiduciary activities by adopting Statement of Governmental Accounting Standards (GASB Statement) No. 84, *Fiduciary Activities* in fiscal year 2019. Accordingly, the cumulative effect of the accounting change as of the beginning of the year is reported in Note 17, Prior Period Adjustment.

We noted no transactions entered into by the Town of Conway during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates, affecting the Town of Conway's financial statements were:

Management's estimate of the capital asset useful lives is based on historical information and industry guidance. We evaluated the key factors and assumptions used to develop the capital asset useful lives in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the allowance for uncollectible property taxes are based on historical data and information known concerning the assessment appeals. We evaluated the key factors and assumptions used to develop the uncollectible property taxes in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the accrued landfill closure and postclosure care costs is based on estimates provided by the Town Engineer. We evaluated the key factors and assumptions used, by the Town's engineers, to develop the accrued landfill closure and postclosure care costs in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the net pension liability, deferred outflows and inflows of resources related to pensions are based on assumptions of future events, such as employment, mortality and estimates of value of reported amounts. We evaluated the key factors and assumptions used to develop the net pension liability, deferred outflows and inflows of resources related to pensions in determining that they are reasonable in relation to the financial statements taken as a whole.

Management's estimate of the other postemployment benefit liability, deferred outflows and inflows of resources are based on the assumption of future events, such as employment, mortality and the healthcare cost trend, as well as estimates of the value of reported amounts. We evaluated key factors and assumptions used to develop the other postemployment benefits liability, deferred outflows and inflows of resources related to the other postemployment benefits in determining that they are reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Adjustments proposed and approved were primarily of a routine nature which management expects the independent auditors to record as part of their year-end procedures. A list of these adjustments for the general fund are attached to this letter.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be

significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 26, 2020.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Town of Conway's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Town of Conway's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Police Detail Deposits (repeated)

While performing a walkthrough of the internal controls of the police details revenue, we identified one instance in which funds were not deposited for over 14 days after the original receipt of the funds. To protect the Town against misappropriation of funds, whether due to human error or fraud, it is recommended that police detail receipts be remitted to the finance office, at least weekly, to ensure timely depositing of funds.

Trust Fund Reconciliations (repeated)

In review of the internal controls of the funds held in the custody of the Trustees of Trust Funds, it was identified that the bank reconciliations are prepared by the Town Finance Director and are not reviewed and approved by the Trustees of Trust Funds on a monthly basis. If bank reconciliations are performed by someone other than the Trustees of Trust Funds, it is recommended that the monthly reconciliations are provided to the Trustees for their review and formal approval (signature).

Information Technology Policies (repeated)

In review of the internal controls pertaining to information technology, it was identified that the Town does not have any formal policies. It is recommended that the Town formally adopts information technology policies relating to information security, data retention, and change management. These policies should be reviewed and reaffirmed at least every three years as the information technology environment is constantly changing.

Other Matters

Implementation of New GASB Pronouncements

The Governmental Accounting Standards Board (GASB) has issued several pronouncements that have effective dates that may impact future financial presentations. Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements.

GASB Statement No. 87, *Leases*, issued in June 2017, will be effective for the Town with its fiscal year ending December 31, 2022. This Statement will improve accounting and financial reporting for leases by governments by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases.

GASB Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*, issued June 2018, will be effective for the Town with its fiscal year ending December 31, 2021. This Statement will enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for interest cost incurred before the end of a construction period.

GASB Statement No. 91, *Conduit Debt Obligations*, issued June 2019, will be effective for the Town with its fiscal year ending December 31, 2022. This Statement provides for a single method of reporting conduit debt obligations and clarifies the existing definition of a conduit debt obligation and improves note disclosures.

GASB Statement No. 92, *Omnibus 2020*, issued in January 2020, will be effective for the Town with its fiscal year ended December 31, 2022. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements:

We applied certain limited procedures to the following, which are required supplementary information (RSI) that supplements the basic financial statements:

- Management's Discussion and Analysis,
- Schedule of the Town's Proportionate Share of Net Pension Liability,
- Schedule of Town Contributions – Pensions,
- Schedule of the Town's Proportionate Share of the Net Other Postemployment Benefits Liability,
- Schedule of Town Contributions – Other Postemployment Benefits
- Schedule of Changes in the Town's Total Other Postemployment Benefits Liability and Related Ratios, and
- Notes to the Required Supplementary Information

Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

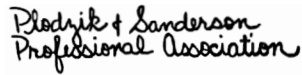

Town of Conway, NH

We were engaged to report on the combining and individual fund schedules, and Schedule of Expenditures of Federal Awards, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the members of the Board of Selectmen and management of the Town of Conway and is not intended to be, and should not be, used by anyone other than these specified parties.

Respectfully,

ASSESSOR

2020 has been a very strange year to say the least. Even though we adjusted our values townwide in 2019 to reflect that market, our residential market continues to soar, apparently driven by the COVID-19 influence. Our little piece of paradise appears to be attracting a lot of interest from out of staters looking to relocate. As a result, our ratio of assessment to sales has dropped to around 86%.

We had 161 valid single-family home sales compared to 119 for last year with an average sale price of \$304,777. We had 49 new homes constructed or begin construction. The number of new manufactured homes in parks increased by 5 with 20 sales for an average sale price of \$57,205.

We had 100 condo sales compared to 69 last year for an average sale price of \$226,382. The second phase of the Kearsarge Brook Condominiums consisting of 19 units was a shell as of April 1, 2020, these are expected to be completed by year's end.

We had 33 residential vacant land sales compared to 22 last year for an average sale price of \$57,100.

On the commercial front, we had 15 sales for an average of \$1,021,573. Some new commercial construction was started after April 1, 2020 and that will be reflected next year.

Overall, we had 341 valid sales in the Town compared to 293 in 2019. If the demand for residential housing continues to increase, we will most likely be looking at a further decline in our ratio.

Sincerely,

Dale B. Schofield, Assessor

BUILDING INSPECTOR/CODE ENFORCEMENT

The year 2020 began as a normal year with decreased growth in commercial construction over 2019. The number of permits issued was down and therefore the revenue normally received for building permits was down as well.

The total number of new single-family homes constructed within the Town of Conway in 2020 was forty-three (43) with two (2) new duplexes, In 2019 we had twenty-eight (28) new homes and five (5) new duplexes.

The Commercial construction shows the total number of permits for commercial activity is below that for 2019.

(2020 – 94 commercial permits) - (2019 – 120 commercial permits)

We issued a total of 408 building permits in 2020 for residential and commercial combined. This is lower than the 464 issued the previous year of 2019.

Residential and commercial permits for 2020 show an estimated assessed value for the completed work at just over \$ 36.988 million dollars which is down from the 2019 total of \$36.992 million dollars. The fees paid to the Town to obtain these permits for 2020 totaled \$73,226.63 which is down from 2019 which saw revenue from permit fees of \$144,890.14.

The prospects for 2021 look good for residential multi-family construction with multiple larger projects proposed. This has the potential to be a very good year.

I have served as Building Inspector since 1999 and still enjoy my position with the Town of Conway. I look forward to continue serving in 2021.

Respectfully Submitted,

Building Inspector/Code Enforcement Official
David S. Pandora

CODE COMPLIANCE OFFICER

My responsibilities as Code Compliance Officer include the administrative processing of applications for signs, zoning permits, home occupation permits and temporary events. I also handle the initial phase of enforcement, if necessary, concerning zoning or the site plan regulations.

As we all know, 2020 was a challenging year for businesses and their employees because of the COVID-19 pandemic. As a result, the number of new sign permits issued was somewhat lower and the other permits were also lower in number.

Near the end of 2020, Conway's Planning, Zoning and Building Departments were re-located to the new town hall located in the former Bank of NH building at 23 Main Street in Conway Village. Moving is always a challenge but with the added COVID pre-cautions it has been a slow and somewhat stressful process.

Looking forward to a much better 2021!

EMERGENCY MANAGEMENT DIRECTOR

2020 was a year many will not forget due to the Novel Coronavirus. As we move through 2021 we are seeing a roll out of the current available vaccines. From the closing of several businesses to limitations on travel and working with Memorial Hospital to prepare a surge site in the event of increased patients. This was by far the longest and most time-consuming single event the Emergency Management Team and the Town has had to deal with in a long time. Thankfully to date, our local EMS and Hospital have not been over-run with sick patients like we saw in New York and other parts of the United States. The Town has continued to be prepared for this if a surge of patients was to happen locally.

This past year has been very hard and stressful for so many people in our community. Please take the time to help out our neighbors and support our local business when you can.

We got our Hazard Mitigation Plan accepted by FEMA this past year and have moved onto updating our next plan which is the Emergency Operation Plan for the Town with the anticipation of completion by the end of 2021.

If you have any questions, please reach out to myself via email: mleavitt@conwaynh.org or contact the Town Hall.

Thank you and have a safe a happy 2021.

Emergency Management Director

GENERAL ASSISTANCE OFFICER

2020 was a year of significant disruption that rattled the entire community. COVID-19 brought lessons and skills that will help us in the future. Social distancing, isolation and quarantine requirements cultivated a new appreciation for the hardships we face as we work to recover from this pandemic.

In March, a COVID-specific local welfare application was developed. At that time, we didn't know there would be a shutdown. Being prepared facilitated a smooth transition from working at the office to working from home. We expected to struggle, but instead, we experienced immediate success. Verifications were sent electronically and directions were followed. Interviews were done over the phone and our flexible, expanded office hours helped to expedite our response and improved access to our program. Clients, service providers, vendors and landlords came together in a remarkable collaboration that helped us cope with the unknowns. We empathized with each other, and shifted roles to help each other. We listened and we pushed forward.

When we first shut down, Conway's Welfare Department was one of the only municipal welfare offices to see a surge in applications. There were no rental protections in place for homeless people living in motels. We advocated for this group in hopes that they, too, would be protected by the Governor's Eviction Moratorium. Carroll County doesn't have a homeless shelter and there weren't very many open motels willing to work with the Town's program. Stakes were high should these people not be able to pay their rent. My department was immediately overwhelmed but people were patient as I worked day and night to process cases.

In September, I was assigned to write a Community Development Block Grant. As of this writing, it looks like we will be able to purchase fifty (50) life alert devices and distribute \$14,000 in scholarships for Conway's summer recreation program. We may still receive additional funds but it's too early to report on final details. We hope to receive funds that will allow us to provide for needs that this program does not usually cover but that are still considered critical or basic needs of survival.

Allowable levels of assistance were updated in November. Written guidelines are being reviewed and submitted for approval in small sections over time.

Rent and utility moratoriums were in place for most of 2020. There were seven (7) days this fall where electric companies were able to disconnect. We assisted with electricity bills on two occasions during that period. The job market remained strong, stimulus and unemployment checks helped, people received

larger food benefits and the overall community response was coordinated and responsive so our office slowed right back down after the initial surge.

This was an opportunity to focus on things I'd been trying to do for quite some time.

I toured two shelters: The Carey House and My Friend's Place in Dover. It was an eye-opening experience with many similarities but there were significant differences also. I look forward to touring more shelters in hopes of matching our homeless to the shelter that can best meet their needs.

This was an atypical year with respect to reimbursements and donations. Based upon consistent small monthly re-payments we receive each month; our anticipated revenue was just \$500.00. In reality, we were reimbursed a total of \$20,522.10. Additionally, we were reimbursed for cases that we approved because of limitations faced due to COVID 19.

In December, we received a donation of \$125.00 along with a pre-lit Christmas tree from a former welfare recipient. That inspired another anonymous person to donate \$500.00. On the last day of the year, another former recipient paid her bill in full and donated \$1,000.00 to the program and yet another \$40.00 to the Buckets of Love program we are working on.

We spent a total of \$38,314.22 of which \$33,259.87 was for housing. The rest went to fuel, electricity, water and cremation costs. March and April were our busiest months.

Every year I reflect over previous years and I am so grateful to still be working for this Town. I am still growing and evolving with the job as I learn new skills to add to my current knowledge. Thank you for believing in me.

Respectfully Submitted,

BJ Parker

HEALTH OFFICER

As Health Officer for the Town of Conway, 2020 brought about a lot of changes. The ongoing pandemic has made communicating in person a lot more difficult and a lot of my time has been spent answering questions in reference to individuals not wearing masks. I was also tasked with checking on establishments for compliance with the Governors' mandates at the request of the State of NH Attorney General's Office and DHHS.

Of course, we still respond to calls for service relating to living conditions within rental properties, septic problems, lack of heat, electrical concerns, restaurant complaints, bed bug concerns, tenant landlord problems and a number of mold and domestic animal issues.

This year the main problems have been COVID-19 related. However, the triple E (Eastern Equine Encephalitis) and the WNV (West Nile Virus) continue to be of concern and will be watched again this upcoming year.

The State of NH DHHS (Department of Health and Human Services) and the CDC (Center for Disease Control and Prevention) remain very beneficial in keeping us abreast of the State mandates and concerns with the Coronavirus while also supplying this office with standards to follow.

Each year I conduct numerous inspections for daycares, home inspections for foster care applicants, as well as public school inspections.

I look forward to serving in 2021 as Health Officer for the Town of Conway.

PLANNING DIRECTOR

Well that was unexpected! Thanks to COVID-19 2020 was a horrible year. The anticipated Market Basket that is proposed for Settlers Green languishes even though the shenanigans in the courts seem to have been resolved. We'll have to wait and see what happens now with the designs for the third roundabout and other traffic mitigation measures. The construction activity at the former Fandangles' site creeps along and we still don't know what restaurant franchise will be there. It seems that 2020 was also the year of the hotels. We now have an additional 200+ rooms conditionally approved and shared among two sites; the former Junge's Motel and another Hotel at Mount Cranmore. A third 100+ room hotel to replace the Intervale Motel will be considered in early 2021. I guess short term rentals have not put the brakes on hotel room development, and does not seem to be affecting the big hotels as much as it is the residential neighborhoods. The short term rental (STR) issue was a priority for the Board of Selectmen. They assembled a committee to study the issue. That yielded zoning amendment proposals, a draft Noise Ordinance and a draft short term rental licensing regulation to help manage the STR industry.

Solar energy seems to be has gained ground. The Green Hill Road Solar Site is nearing completion, The Center Conway site is almost ready to commence construction and we have a new site on Route 302 east of Center Conway Village that is on the docket for approvals. The voters approved several zoning amendments and a new ordinance to promote housing affordability and choice. And the Planning Board is considering still more such amendments. Nearly 200 new housing units were conditionally approved this year.

The Zoning Board of Adjustment considered 41 appeals. Thirty-four (34) were granted and seven (7) were denied. None of the decisions were appealed to the Superior Court. The Planning Board considered twenty-nine (29) applications. Twenty-eight (28) were approved, one was withdrawn. None of the decisions were appealed to the Superior Court.

Let's hope 2021 is nothing like 2020. I hope you all stay safe and are met with good fortune and more normalcy in the year to come. Continuing construction activities, pending developments, are expected to be significant as we emerge from the COVID-19 pandemic.

CHIEF OF POLICE

I would like to start my first Conway Police Department Annual Report by saying THANK YOU to all first responders. Needless to say, it has been a year to reflect upon and learn from!

In 2020, we were all presented with a considerable amount of uncertainty and unique challenges and the men and woman of the Conway Police Department showed great perseverance and professionalism throughout these unprecedented times. I am extremely proud of, and humbled by their service. I also want to take a moment to recognize the great people of the Mt. Washington Valley. I feel fortunate to work and live in a community that provides its law enforcement officers with so much support and encouragement. Together we will move forward as we work to keep our community safe!

I was honored to take over as your Chief of Police in October. The transition of power from Chief Edward Wagner was seamless after having worked by his side for the past six years. I am very grateful for the twenty-five years of service Chief Wagner gave to the Town of Conway and the Mt. Washington Valley. His wisdom and guidance will be missed, but we all wish him and his wife Lynore well in their future endeavors.

I would also like to express how grateful I am to the entire Conway Police Department family for making the transition into this new position any easy one. Your continued support, professionalism and dedication to this Department is unparalleled and I am honored to lead us into the future. I would also like to recognize Detective Sergeant Suzanne Kelly-Scott who was promoted to Lieutenant, where she will oversee the day-to-day operations of the Department, and Sergeant Dominic Torch, who has taken over as Detective Sergeant running the daily operations in the Investigative Services Division.

This past year we finally saw the completion of the communications radio system upgrade. The \$375,000 grant was awarded in the Fall of 2018 and two years later we have a state-of-the-art simulcast system allowing greater radio communications throughout the eighty square miles covered by our law enforcement, fire and rescue professionals. We were also the recipient of two New Hampshire Highway Safety Grants. One for DUI enforcement patrols in the amount of \$4,391 and the other for Distracted Driving Patrols in the amount of \$2,334. A majority of these patrols were conducted throughout the summer months due to the increased amount of traffic in town. As a result of the hard work put forth by the officers who participated in these grant funded patrols, Conway Police Department was recognized by the Department of Highway Safety for the high performance standards met.

2020 was also an exciting year for the Department as we received a \$27,000 grant from the Stanton Foundation to be used towards the support of a canine program. Patrol Officer Morganne Sterl was selected to be the canine handler as she has

Town of Conway, NH

extensive experience in the training and handling of dogs. The Department purchased a Belgian Malinois named Summit and both Officer Sterl and Summit successfully completed a rigorous 14-week training program at the Boston K-9 Police Academy in December. Officer Sterl and Summit are now on patrol in Conway so you should be seeing them out and about around town.

Despite all of the positives we had throughout this very trying year, we did see seven staff members leave the Department. Three officers left the Department to pursue other means of employment and two officers, Chief Wagner and Corporal McGrath, retired after devoting twenty plus years to the Town of Conway. We had one dispatcher leave to go to college and the other, Jim Mykland, retired after eighteen years of service with the Department. After working short-handed for several months both in patrol and in the dispatch center, we are happy to announce that the majority of the open positions have been filled. In patrol we've hired five new officers. Four of whom have grown up in the Conway area. Brandon James, formerly of the Town of Conway Department of Public Works, and Jake Clark, who came to us from the Oxford County Sheriff's Office, graduated the 182nd Police Academy in August of 2020. Dominic Knox and Camden Clark are currently attending the 184th Police Academy with a planned graduation in April. Our fifth hire, Margaret Ready, came to us from the New Hampshire State Police and will be finished with her in-house field training in February. In the dispatch center we hired another Mt Washington Valley native, Gwyneth McGinley, who brings more than a years-worth of experience from the Carroll County Sheriff's Department.

The Department continues to generate revenue through the following: pistol permits (\$1,106.35), alarm fees (\$14,571.41), fingerprinting (\$3,554.16), parking tickets (\$7,510.00), court fines (\$1,166.93) and Police Income, which includes the School Resource Officer, Administrative Fees for commercial duty, report fees and other fees (\$52,480.89). The total revenue generated by the Police Department for the Town in 2020 was \$80,389.74.

As we move forward in 2021 the members of the Conway Police Department will continue to work hard to maintain the trust and support of the citizens of Conway and all who visit. If anyone has any questions, comments or concerns regarding the Department please do not hesitate to contact me directly at (603)-356-5715.

Sincerely,

Christopher J. Mattei

PUBLIC WORKS DIRECTOR

What a year?! COVID-19 made this year very different and difficult for most. We had to change how we communicated, interacted with the public and co-workers, held meetings, etc. With all these changes and obstacles, the Public Works Department was still able to achieve and complete many projects.

Budget restrictions were put in place due to the pandemic, causing the Town to reschedule the reconstruction of Birch Hill Road to 2021. Paving of a few other roads were also rescheduled to 2021. We were still able to install 4,322 tons of asphalt on the North South Road and Intervale Crossroad. C.L.H. & Son, Inc. out of Auburn, Maine replaced the West Side Road culvert and lined the culvert on Grove Street.

The Town's Engineering Department continues to work on the Main Street Infrastructure Project. As you may know, this is a joint project between the Town of Conway, Conway Village Fire District, and the New Hampshire Department of Transportation, and is managed by the Town. Last year the two joint projects: Intersection Improvements, referred to as the Eastern Project going forward (DOT Project #40638) and the Main Street Rehabilitation, referred to as the Western Project going forward (DOT Project #40018) were separated. The Western Project was awarded to Alvin J. Coleman & Son, Inc. and construction began in the late Fall. The design process has been restarted for the Eastern Project. The Engineering Department continues to work on the Market Basket Development, as well as the Pine Hill Development off of Eagles Way.

We had a few building construction projects as well. The Old Rec Center, formerly the Pine Tree Elementary School was demolished by Spears Bros Building & Wrecking out of Laconia, NH. The Highway Garage Renovation project was awarded to L.A. Drew, Inc. out of Intervale, NH.

In the Fall: The Public Works, Building, Planning, and Engineering Departments moved to the New Town Hall location at 23 Main Street in Conway Village, formerly the Bank of NH building. Our Highway Department was busy this Fall with renovating three offices at the new location. Construction will need to be done on the first floor of the building to the Town Clerks area. The rest of the Town Hall Departments are expected to make the move by March 2021.

The construction administration of the Multi-Purpose Pathway (NHDOT Project #41755) was awarded to HEB Engineers, Inc. As you may recall the Multi-Purpose Pathway will be 2.8 miles long and will run from Cranmore Mountain Resort to Hemlock Lane. The design of the pathway has been completed, and

we are now working with the New Hampshire Department of Transportation through Right-of-Way issues as they are preparing to sell off land, they acquired for the Conway By-Pass, which will no longer be built.

This was another busy year for the Town's Solid Waste Department with 2,659 tons of recyclables collected. Total facility recycling decreased for the third year in a row, as a result of world markets and the pandemic. This was a record-breaking year for the Household Hazardous Waste Event, held in September. 469 households attended this year's event with 26,705 pounds of hazardous waste collected (please see graphs on next page).

As always, please feel free to contact the Public Works Department with any questions or concerns. Until next time...

Respectfully,

Paul DegliAngeli, P.E.

RECREATION DIRECTOR

The Conway Parks and Recreation Department is located at 176 Main Street, Conway, NH. Our facility includes a gymnasium, game room, kitchen, cafeteria, art room, library, conference room and television lounge. The outdoor facility is shared with Conway Elementary School and consists of a playground and multiple athletic fields.

The Conway Parks and Recreation Department is responsible for the maintenance & scheduling of outdoor parks and recreation areas for various community uses. These areas include Conway Lake Beach, First River Bridge, Smith-Eastman Recreation Area, Davis Park, Schouler Park, Washington Street Park, Whitaker Homesite Field, Connie Watson Davis Park and Shedd Woods. The sites listed above provide recreational activities such as Nordic skiing, biking, hiking, swimming, skating, canoeing, tennis, basketball, softball/baseball, volleyball, picnicking and various other activities conducted on our multi-purpose fields. In addition to these parks, we maintain various cemeteries. We are also responsible for monitoring canoeing and tubing at Hussey Field directly beside First River Bridge in North Conway. This program allows us to have a staff member inform and educate the public on the Saco River while also monitoring the traffic flow in and around the Hussey Field roundabout.

In early March, we were all affected by the COVID-19 pandemic. Recreation statewide came to a screeching halt. Conway Recreation took a two week break to re-group and prepare for what looked to be a very different view of 2020 recreation services. The challenges we faced consisted of how to effectively run programs in a pandemic, keeping staff safe/healthy as well as assisting with the well being and mental health of the children we serve. We began a series of unique programs focusing on family challenges through videos on our social media platform. This allowed children and parents to stay connected, active and healthy while in person programs were suspended.

Every year we host special events and 2020 was no exception. Though we were in the midst of a pandemic, we decided that these events were crucial to the kids staying connected with activities that they had been accustomed to in previous years. The special events took on a different look in 2020 with the start of the mobile Easter Egg Hunt on April 11th. We were able to deliver over 3,000 eggs and candy to (250) homes throughout Albany and Conway. This would have not been possible without the help of the Easter Bunny and his cousin Ernest.

In October, we turned our annual Halloween Party into a drive thru event. Families competed in games from the safety of their car while dressed in their Halloween costumes. In November, using a reservation system and while abiding by all social distancing guidelines, we were able to run our annual Turkey Trot race.

Finally, in December, using the beauty of the front steps of our new facility we were able to run our Letters to Santa event outdoors. Santa was able to be present and still take pictures with the children from a safe distance.

Summer Camp 2020 was the first in-person program allowed since the pandemic had begun in March.

This posed many challenges for us but we were able to successfully meet those challenges thanks in part to our summer staff which included two health screeners. Children were grouped in pods with an assigned counselor for the summer. This

Town of Conway, NH

allowed children to play within their pods without mixing the entire camp together. In order to take extra precautions, we decided not to take field trips. Instead, we used the resources around us to swim, hike, go on nature walks, fish and kayak. In total we had 3,086 visits with no illness.

Building off the success of the Summer, we continued to offer in person programs in the Fall. These programs included; biddy soccer, intramural soccer, flag football skills and drills, field hockey and cross country running. In November and December, we moved inside, but continued to offer in person programming. These included indoor soccer, basketball skills and drills, arts and crafts and elementary games.

The Chip Kennett Teen Center offers a drop-in atmosphere which caters to boys and girls in grades 6-8. The Teen Center is open four nights per week, including weekends. This gives teens the opportunity to hang out with friends in an environment that is safe and healthy. Like our regular programs, we decided to separate the grades into different nights during the week in order to keep the teens safe while this pandemic continues.

We continue to operate our outdoor skating rink at Schouler Park during the winter months. Special thanks go to the North Conway Water Precinct for their continued financial support of the skating rink.

The Friends of Conway Rec. Inc. is a non-profit organization to support the Conway Parks and Recreation Department. Though all of their fundraising events were canceled for 2020, The Friends of Conway Recreation Inc. decided to continue funding scholarships for kids to attend summer camp and fund the new construction of the performance stage in the Marshall Gymnasium. The outpouring of financial support from the community was incredible.

I would like to thank Sut and Margaret Marshall for their financial contribution to save the old Conway Rec. site. Their generous work will ensure that this property will stay a recreation site for generations to come. Finally, I would like to thank my entire staff from the parks crew, seasonal staff and most of all, my full-time recreation staff, (Mike Lane, Lynore Wagner, Todd Gallagher and Robby Moody). Your courage and dedication to push through these hard times has inspired me and proven there is not a better staff anywhere in the recreation field. You have been a beacon of light for so many people in an uncertain world.

In closing I would like to thank all the parents, volunteers and coaches who have made our 2020 programs such a success. Your commitment to the children and your community is second to none. Thank you to all the businesses and civic organizations that support our programs with financial and in-kind donations. I also would like to thank the citizens of Conway for supporting us each year and making Conway the best town in New Hampshire to live, work and play.

It is always a pleasure to serve you as your Parks and Recreation Director and hope that you may volunteer, participate or be involved in some capacity in 2021 at our new facility in Conway.

Respectfully Submitted,

John Eastman

CONWAY PUBLIC LIBRARY

The year started off just like any other year. Materials were checked out, public computers were being used, public programs were attended, questions were asked and answered. Then the pandemic arrived in our corner of the world and a lot changed, but not everything.

While the Library Building closed on March 16th, the Library never stopped working for you. We immediately started offering curbside pickup and the staff developed a variety of online programming. Due to concerns over fomite transmission of the coronavirus, the Library initially asked patrons to hold on to their materials and not return them until we requested them. Planning that had gone into our annual Summer Reading Program was completely scrapped for an online alternative. The Library expanded its WIFI capability and began to offer Chromebooks for checkout. During the period where the building was closed to the public, the staff developed plans for reopening in a manner that emphasized the safety of the staff and public. We also increased our online services in the form of more downloadable book purchases and the Kanopy video streaming service.

On April 29th we began accepting returns and June 29th saw the Library building reopen. We were one of the first public libraries in the State to reopen. We also only slightly curtailed the number of hours open per week, going from 54 to 48. There was less need to be open in the evening since we were not having public programs in the building at night although we have and continue to hold numerous programs online. Most public libraries in the State continue to offer only curbside service or allow people to enter by appointment only. Our approach has been safe and effective while offering as high a level of service as any public Library in the State.

During the summer months, the Library used its park space, which is maintained by Conway Parks and Recreation Department, as effectively as it ever has. We held numerous programs in the park. Of particular note were our weekly programs performed in collaboration with our colleagues at the Conway Recreation Department Summer Camp. Campers walked down to the Library for story time, a craft, and a snack. Another program of note was the Library's participation in the Summer Food Service Program, which was a partnership between the Library, the NH Food Bank, and Camp Huckins. Over an eight-week period the Library helped to fight food insecurity in our community by giving away hundreds of free meals to children. Other programs of note in the park this summer were yoga and a story walk that was sponsored by the Friends of the Conway Public Library.

In 2020 we collaborated with numerous sister organizations including Project Succeed, the Conway School District and the Gibson Center for Senior Services. The Library is a partner with Conway Elementary School for their "Year of the Book" project, which resulted in \$1,000 worth of books being gifted to the Library from the Children's Literacy Foundation.

Our partnership with the Gibson Center brought forth our first ever "Computer Hardware Donation Day," where we accepted older computers that were then refurbished and upgraded. The computers were then given to senior citizens for their personal use. Additionally, this program involved encouraging seniors to visit the Library and have one-on-one technology training so they can use their "new" computers effectively. This partnership also resulted in the Library receiving a \$1,000 grant from the Tufts Momentum Fund.

Library staff are now helping the public register for COVID-19 vaccinations. This involves setting up those who do not have an email account with one as well as helping people navigate the registration website.

After reopening the building, our usage has been quite good in spite of everything that has happened and continues to happen. For example, Library circulation in October and December 2020 was actually higher than those same months in 2019.

We are incredibly proud of the Staff who have performed marvelously through the pandemic. We would like to say "thank you" to Annie, Bob, David, Jeff, Kate, Kathy, Sherri, Tara, and Tessa as well as our many volunteers. We look forward to serving our community in 2021 and beyond.

CONSERVATION COMMISSION

The Conway Conservation Commission (CCC) is responsible for managing approximately 2050 acres on 12 properties in the town. The commission strives to balance recreation, resource protection, wildlife habitat and timber management.

In addition to the town-owned properties, the Conservation Commission manages approximately 450 acres of bypass mitigation land owned by the New Hampshire Department of Transportation. These properties include the historic Redstone Quarry and are located adjacent to the Pudding Pond Conservation Area and The Nature Conservancy's Green Hills Preserve.

Many of our conservation areas saw increased use in 2020 due to the pandemic. Trailheads were exceptionally busy but no major issues were reported.

The Marshall Conservation Area property, acquired in 2015, saw further trail development in accordance with the trails master plan prepared by Timber & Stone, LLC. Forest Land Improvement completed the last phase of Lucille's Loop, completing this lollipop-shaped loop. Additional surfacing and grading is planned for 2021. Members of White Mountains NEMBA and White Mountain Bike Coalition completed a more gentle relocation of the old Cow Bone trail, calling the new trail Holy Cow.

Members of the Conservation Commission are: Rob Adair, Chair; Nat Lucy, Vice-chair; Linda Kearney, Treasurer; David Weathers, Selectman's Representative; Dan Lucy, Larry Huemmler, Peter Minnich and alternate Sarah Frechette. Jackie White provides administrative support to the Commission and Noah Clement records meeting minutes. The commission's consulting forester is Tim Nolin of Forest Land Improvement.

PLANNING BOARD

Due to COVID-19 2020 was a difficult year. Still it was a busy one for the Board as we had an increased number of applications, and several were for large projects. We still await Market Basket. Fortunately, the legal wrangling has been resolved...we hope. The Home to Suites by Hilton on the former Fandangles' site is making progress at a snail's pace. The North Conway Public Library's addition is complete.

The Board considered nine (9) Site Plan Review applications and approved eight (8) applications and one (1) was withdrawn. The Board considered nineteen (19) Subdivision applications, all of which were approved. The Board found that six (6) small undertakings were not subject to Site Plan Review. The Board also approved one excavation permit for an expansion of an existing facility. Over 156 new housing units and 200+ hotel rooms were approved in 2020.

The Planning Board is proposing amendments to the Zoning Ordinance. One amendment is to clarify the existing policy regarding conversions of older homes to multi-family apartments in the Residential Agricultural District to make it consistent with the rest of the Districts. Another was to remove the owner occupancy requirement relative to the Accessory Dwelling Unit provisions. There are also two amendments (proposed by the Board of Selectmen) relative to short term rentals. Both are recommended by the Planning Board.

I thank Tom Irving and Holly Meserve for all their hard work in making sure the Board was well prepared for their meetings and I thank each and every Board Member for all their hard work in keeping with the spirit of the Town's Master Plan.

ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment (ZBA) is empowered to act in four separate and distinct categories: appeals from administrative decision; approval of special exception; grant of variance; and grants of waivers of dimensional requirements.

We are often asked what is the difference between a Special Exception and a Variance?

Unless a particular use for which an application is submitted is stated in the ordinance as being explicitly allowed by special exception, the Board of Adjustment is powerless to grant a special exception for that use. If this fact can be kept in mind, there should be no confusion between the meaning of "special exception" and "variance." A special exception is a use of land or buildings that is permitted, subject to specific conditions that are set forth in the ordinance. A variance is a waiver or relaxation of particular requirements of an ordinance when strict enforcement would cause undue hardship because of circumstances unique to the property.

A variance is permission granted to use a specific piece of property in a more flexible manner than allowed by the ordinance; a special exception is a specific, permitted land use that is allowed when clearly defined criteria and conditions contained in the ordinance are met. Providing for special exceptions makes it possible to allow uses where they are reasonable in a uniform and controlled manner, but to prohibit them where the specified conditions cannot be met. Requirements, in this sense, are measurable qualifications that are the same at all times and places and can be expressed in specific terms.

As with other boards and operations within the Town during this unique time of a pandemic, the ZBA had a period when it could not meet. Once criteria was established to social distance and meet safely the Board was back meeting again. To do this we are thankful to the Conway Village Fire Department for letting us use their large meeting room at the station on Main Street.

The Board heard the following in 2020 for a total of 25 applications: 14 Variances (9 Granted, 5 Denied), 10 Special Exceptions (9 Granted, 1 Denied), and One Equitable Waiver of Dimensional Requirement which was granted.

The ZBA is very fortunate to have such qualified staff as our Planning Director, Thomas Irving, and our Planning Assistant, Holly Meserve who also serves as our Secretary. We are thankful to them and know that we could not do it without their assistance.

Thankfully, this year we have had a full board and we now have three alternates. Phyllis Sherman continues to serve the Board and her years of expertise is invaluable. Fortunately, two former ZBA members have returned to serve as Alternates, Jonathan Hebert and Jac Cuddy. Thank you to all the Board Members and the Alternates for serving the Town of Conway.

EASTERN SLOPE AIRPORT AUTHORITY

Eastern Slope Regional Airport Fryeburg, Maine

The Eastern Slope Regional Airport was created by joint legislation in Maine and New Hampshire in 1961. It is the regional airport of the Mount Washington Valley and Western Maine. The airport is operated under FAA and State of Maine rules and guidelines. The operating budget for 2020 was \$330,000.

In December 2018 the Eastern Slope Airport Authority adopted new bylaws. It now consists of 11 members rather than the previous 18. Conway has 2 directors and Fryeburg has 3 directors. The remainder of the directors are at large with 1 director serving as pilot / liaison. With the strengthening of its Governing Operations, ESAA has a workable and business - oriented board. In the past year ESAA has continued to improve its financial position, completed infrastructure improvements, and completed construction planning for the new hangar, to be constructed this year.

The airport is a year-round economic hub for businesses, tourists, and emergency flight providers. In addition, approximately 25 local pilots base their aircraft at the airport. Other users of the facility are visiting pilots, Maine National Guard, Canadian Military and Civil Air Patrol.

The STEM Aviation program for students and adults is housed at the airport. Rescued pets are flown to the airport for distribution in the surrounding areas. ESAA secured 2.3 million dollars in grant funding for the design and construction of the new hangar, which will be suitable for overnight housing of small jets on a year round basis to provide long range flights out of Fryeburg.

Future projects include a terminal building to provide improved facilities for visitors, rental car vendor and pilot briefing area, as well as a public meeting room and new airport manager's office. Improvements are also planned for Lyman Drive, the airport entrance road.

The following board members thank you for your continued support:

Don Thibodeau, Chairman - Fryeburg, ME
Carl Thibodeau, Vice-Chairman - Conway, NH
Gene Bergoffen, Treasurer - Fryeburg, ME
Ron Briggs, Secretary - Chatham, NH
Eric Meltzer, Pilot Liaison - Fryeburg, ME
Fred Packard - Bridgton, ME

STATE OF NEW HAMPSHIRE

Executive Council

MICHAEL J. CRYANS
Executive Councilor
District One

State House Room 207
107 North Main Street
Concord, NH 03301
WWW.NH.GOV/COUNCIL
(603) 271-3632

**2020 YEAR END REPORT
FROM COUNCILOR MICHAEL CRYANS**

On January 6, 2020, I will complete my term as Executive Councilor.

This District is comprised of over 100 towns and four cities (Berlin, Claremont, Laconia and Lebanon). It covers up to ½ of the land area, from Tilton to Pittsburg.

The five members of the Council each represent approximately 275,000 constituents. The Council meets approximately every two weeks and most of the meetings are held at the State House in Concord. Unfortunately due to COVID-19, from March until September, all of the Council meetings were held via telephone, and no meetings were held in each of the Councilors districts during the summer.

The Executive Council votes on all contracts with the state over \$10,000 as well as appointments to Boards and Commissions. About fifty persons from District 1 were confirmed to various positions on State Boards and Commissions this year. The Council also votes on Commissioners and Deputy Commissioners of State Agencies as well as confirms the appointment of judges to serve in New Hampshire District, Supreme and Superior Courts.

The function that I enjoy most is constituent service. Again, COVID-19 presented a whole new set of problems. First of all, it restricted traveling from town to town. Secondly, after the major health crisis, nothing was more impactful than the economic devastation to individuals and businesses. One glaring example was unemployment. The week prior to the pandemic, 500 people applied for unemployment assistance. The next four weeks, 119,000 filed for unemployment assistance. District 1, which is known for its restaurants, hotels, resorts and hospitality industry was hit the hardest with 44 towns seeing a 20-35% unemployment rate.

If you wish to serve on any Boards or Commissions, please submit your resume to Jonathan Melanson of the Governor’s office. The Boards and Commissions, along with the qualifications needed, can be reviewed at <http://sos.nh.gov/GC2.aspx>.

Please feel free to contact me if you feel I can be helpful. My contact information is mjcryans@hotmail.com or 603-443-1901 or PO Box 999, Hanover, NH 03755.

I have enjoyed serving you the last two years. It has truly been an honor.

Sincerely,

Michael Cryans
Executive Councilor, District One

REPORT OF FOREST FIRE WARDEN AND STATE FOREST RANGER

This year we experienced challenging wildfire conditions which led to deep burning fires in remote locations that were difficult to extinguish. Your local fire departments and the Division of Forests & Lands worked throughout the year to protect homes and the forests. The statewide system of 16 fire lookout towers continues to operate on high fire danger days. The towers' fire detection efforts are supplemented by the NH Civil Air Patrol when the fire danger is especially high.

Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Every year New Hampshire sees fires which threaten or destroy structures, a constant reminder that wildfires burn more than just trees. Homeowners should take measures to prevent a wildfire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

Between COVID-19 and the drought conditions, 2020 was a unique year. The drought conditions led to the need to have a Proclamation from the Governor, which banned much of the outdoor burning statewide. This, along with the vigilance of the public, helped to reduce the number of serious fires across New Hampshire. However, the fires which we did have burned deep and proved difficult to extinguish due to the lack of water. While the drought conditions have improved, we expect many areas of the state to still be experiencing abnormally dry and drought conditions this spring. For this reason, we ask everyone to remember Smokey's message about personal responsibility and follow his ABC's: **Always Be Careful** with fire. If you start a fire, put it out when you are done. **"Remember, Only You Can Prevent Wildfires!"**

As we prepare for the 2021 fire season, please remember to contact your local Forest Fire Warden or Fire Department to determine if a fire permit is required before doing **ANY** outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. Fire permits are also available online in most towns and may be obtained by visiting www.nhfirepermit.com. The burning of household waste is prohibited by the Air Resources Division of the Department of Environmental Services (DES). You are encouraged to contact the local fire department for more information. Safe open burning requires your diligence and responsibility. Thank you for helping us to protect New Hampshire's forest resources. For more information, please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nh.gov/nhdfl/. For up to date information, follow us on Twitter: [@NHForestRangers](https://twitter.com/NHForestRangers)

MT. WASHINGTON VALLEY ECONOMIC COUNCIL

The Economic Council and the Tech Village are dedicated to providing economic, efficient and productive support to the local business community that helps diversify our existing retail and recreation economy. A tall task this year with a world-wide pandemic affecting every part of our lives. But on its **30th Anniversary of supporting** Valley businesses, 2020 was a year of some amazing accomplishments.

The 61-acre development announced a year ago by Avesta Housing Development Corp in the Tech Village has completed many of the approvals necessary to proceed. On its current approval path, Avesta should be able to break ground this spring on what will eventually be a **multi-year \$11 million project**. It will include 30-40 rent and income restricted multi-family units which have been hailed as a major step forward in easing the affordable housing crisis in the Valley.

On the local business front, as the Covid-19 shutdowns cascaded in late March, the Economic Council was center stage in the Valley by making **27 loans in under 10 days** to help alleviate the financial strain put upon our local businesses. Those loans are all active and being paid today and it is highly likely that some of those businesses would have failed without the efficient and careful dispersal of those funds. Total loans in 2020 were \$800,000. As of year-end, the Council has **\$1,245,000 of loans out** working in our community.

In cooperation with our building partner **Granite State College**, the Economic Council supported leasing space for two years to a new charter school on the business campus. All reports are that the school has been highly successful although the presence of elementary school children and parents' automobiles in a business setting have presented some interesting challenges.

Moving forward, the Council looks forward to resuming "live" events in the Tech Village such as the successful Boot Camps for businesses as well as Eggs and Issues. In the meantime, the staff and S.C.O.R.E. volunteers are busy being **consultants and a valuable resource** for startup businesses and those wishing to move here.

The Economic Council is funded through a combination of grants, loan fund interest income, membership dues, corporate sponsorships, and town memberships like Conway's. It is a vital part of our local economic development and a **significant contributor** to maintaining a healthy business environment in Mt. Washington Valley.

Respectfully submitted,
Mary Seavey - Conway Representative

Introduction

To All Conway Voters:

This section of the Town Report is intended help you prepare for the annual town legislative process. It contains a variety of information concerning the proposed budget and warrant articles as well as explanatory information and illustrations. It also includes a summary of the actions taken by town voters at the Deliberative Session held on March 1, 2021. All of this information as well as information on how town meeting works, and a calendar of important dates, is available at Town Hall or on-line at www.conwaynh.org.

The Town Ballot presented in this section is the same format as the one you will see when you vote on April 13, 2021. Also in this section is a voting worksheet to help you prepare to vote.

I urge you all to actively participate in this important duty of self-governance by going to the polls on April 13, 2021 at the Kennett High School Gymnasium.

Sincerely,

A handwritten signature in black ink, appearing to read 'THH', written over a horizontal line.

Thomas Holmes
Town Manager

RESULTS OF THE DELIBERATIVE SESSION

The Deliberative Session of Town Meeting was held on March 1, 2021. The voters in attendance approved all but five articles as presented. Library Trustee Julie Laracy moved to amend Article 7 to increase the operating budget by \$9,249 for a final figure of \$12,092,080.

Article 17 was amended to include the word "Station" after "Police."

A technical amendment was made to Article 22 to correctly identify the article that it was contingent upon.

Article 23, the proposed Noise Ordinance was amended by Amy Snow in order to have the full text of the proposed ordinance removed from the warrant. Also, Chris Meier made an amendment to the actual proposed noise ordinance for consistency in terms of the definition of loud, unusual or unnecessary noise.

Finally, a technical amendment was made to Article 24 to add the word "Not" before "Recommended by the Board of Selectmen" and "Not" before "Recommended by the Budget Committee" as their votes were in the negative.

Warrant Article 7 was amended as shown below; the removed text is stricken and the replacement text is highlighted in gray.

ARTICLE 7: (Operating budget) Shall the Town raise and appropriate as an **OPERATING BUDGET**, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the Warrant for the purposes set forth therein, ~~Twelve Million, Eighty-Two Thousand, Eight Hundred, Thirty-One Dollars (\$12,082,831).~~ **Twelve Million, Ninety-Two Thousand, Eighty Dollars (\$12,092,080).** Should this article be defeated the default budget shall be Eleven Million, Eight Hundred, Eighty Thousand, Three Hundred, Fifty-Three Dollars (\$11,880,353), which is the same as the last years, with certain adjustments required by previous action of the Town of Conway or by law, or the governing body may hold one special meeting in accordance with RSA 40:13 X and XVI, to take up the issue of a revised operating budget only. NOTE: This operating budget warrant article does not include appropriation contained in ANY other warrant article.

Recommended by the Board of Selectmen (5-0-0). Recommended by the Budget Committee (9-3-0).

Warrant Article 17 was amended as shown below; the added text is highlighted in gray.

ARTICLE 17: (Individual - not included in Budget Appropriation Article #7). To see if the Town will vote to raise and appropriate the sum of Eighteen Thousand Dollars (\$18,000) for the purchase of ten (10) AED's (Automatic Electronic Defibrillators) for the **CONWAY POLICE DEPARTMENT** for use at the Police **Station**, District Court and on patrol.

Recommended by the Board of Selectmen (5-0-0). Recommended by the Budget Committee (12-0-0).

Warrant Article 22 was amended as shown below; the removed text is stricken and the replacement text is highlighted in gray.

ARTICLE 22: (Special – Not Included in Budget Appropriation Article #7) Contingent upon Article #23's #21's passage, to see if the Town will vote to **FUND THE SHORT-TERM RENTAL EXPENDABLE TRUST FUND** in its initial year in the amount of Fifty Thousand Dollars (\$50,000) to be used to hire a short term rental management company for the purposes of address identification, compliance monitoring, complaint hotline and mobile permitting and fee collection and to authorize the Board of Selectmen as agents to expend said funds as necessary to offset the costs of regulating and licensing short term rentals in the Town of Conway. After the first year, the Short-Term Rental Expendable Trust Fund will be funded in whole or in part from Short-Term licensing fees and short-term rental fines.

Recommended by the Board of Selectmen (5-0-0). Recommended by the Budget Committee (12-0-0).

Warrant Article 23 was amended as shown below; the removed text is stricken and the replacement text is highlighted in gray.

ARTICLE 23: (Non-Monetary) To see if the Town will establish a **NOISE ORDINANCE** to assist regulatory officials and law enforcement when responding to noise complaints and help ensure that Conway residents are able to enjoy the quiet and peaceful enjoyment of their property. The full text of the ordinance is as follows: of the ordinance is available at the Town offices and on the Town website.

Recommended by the Board of Selectmen (5-0-0). Recommended by the Budget Committee (12-0-0).

The full text of the proposed noise ordinance that is being referred to in Article 23 was amended as show below; the removed text is stricken and the replacement text is highlighted in gray.

CHAPTER 97 NOISE

[HISTORY: Adopted by the Town of Conway April 13, 2021]

§ 97-1 PURPOSE AND INTENT

Because the creation and/or maintenance of loud, unnecessary or unusual noises, unusual or other unnecessary noise, or noises which will annoy and disturb within the Town of Conway, which are prolonged, unusual and unnatural in their time, place and use, detrimentally affect public health, comfort, convenience, safety, welfare and prosperity of Town citizens, the Town ordains it necessary and appropriate to enact the following provisions and prohibitions.

§ 97-2 AUTHORITY

This chapter is enacted by the Town of Conway pursuant to the authority granted by the New Hampshire Legislature as stipulated in RSA 31:39, I. (n), as amended.

§97-3 VEHICLE NOISE

No person shall operate any vehicle on any street so as to make any loud, unusual or other unnecessary noise as hereinafter defined.

§ 97-4 DEFINITIONS

As used in this Chapter, the following terms shall have the meanings indicated:

ANNOY - To disturb or irritate, especially by continued or repeated acts; to bother with unpleasant deeds; To do something to upset or anger someone.

DISTURB - the unsettling of proper order in a public space, or the unsettling of proper order heard from a private place, through one's actions. This can include creating loud noise by fighting or challenging to fight, disturbing others by loud and unreasonable noise, or using offensive words or insults likely to incite violence.

LOUD, UNUSUAL OR OTHER UNNECESSARY NOISE – Includes any noise occasioned by any one (1) or more of the following actions of the operator of any vehicle:

A. Misuse of power exceeding tire traction limits in acceleration, sometimes known as "laying down rubber" or "peeling rubber."

B. Misuse of braking power exceeding tire traction limits in deceleration where there is no emergency.

C. Rapid acceleration by means of quick upshifting of transmission gears with either a clutch and manual transmission or an automatic transmission.

D. Rapid deceleration by means of quick downshifting of transmission gears with either a clutch and manual transmission or an automatic transmission.

E. Racing of engines by manipulation of the accelerator, gas pedal, carburetor or gear selection, whether the vehicle is either in motion or standing still.

F. The blowing of any horn except as a warning signal or the use of any other noisemaking device, whether the vehicle is either in motion or standing still.

STREET – Includes a crosswalk, intersecting way or other public highway, all as defined by RSA Chapter 259, as amended.

VEHICLE – Includes a bus, highway building equipment, motorcycle, motor truck, motor vehicle, semitrailer, sidecar, tractor, trailer or other vehicle, all as defined by RSA Chapter 259, as amended.

§ 97-5 VIOLATIONS and PENALTIES.

Any person found in violation of this chapter shall be guilty of a violation and may be fined in an amount set from time to time by the Board of Selectmen, with such fines not exceeding \$1,000 to inure to the general budget of the Town per RSA 31:39, III.

§ 97-6 OTHER NOISE

A. Noise Restricted.

Town of Conway, NH

In accordance with the concepts set forth below, it shall be unlawful for any person to make, continue or cause to be made or continued any excessive, ~~unnecessarily loud noise~~ or loud, unusual or other unnecessary noise, or any noise which either annoys, disturbs, injures or is likely to endanger the comfort, repose, health, peace or safety of others within the town limits. For the purpose of this section, persons shall include the owner, tenant, or other person in control of a private residence who permits or allows guests to engage in loud or unreasonable noises that can be heard in a public or other private place or who fail to take the necessary steps and precautions to prevent guests or other persons on the property from engaging in conduct that creates loud and unreasonable noises including, but not limited to the operation, playing, or using of any audio equipment, sound amplifier or other device which reproduces or amplifies sound.

B. Prohibited Noise/Time Restrictions.

(1) Between 10:00 p.m. and 6:00 a.m., created by loading, unloading, opening, closing or otherwise handling boxes, crates, containers, building materials, trash cans, dumpsters or similar objects.

(2) Between 10:00 p.m. and 7:00 a.m. created by:

(a) The operation or use of construction vehicles, to include but not be limited to bulldozers, graders, dump trucks, backhoes, earthmoving equipment, front-end loaders and log skidders.

(b) The operation or use of tools or construction equipment, to include but not be limited to cement mixers, hammers, staple or nail guns, power tools (i.e., saws, drills, grinders and sanders), chain saws, lawn mowers, electric hedge trimmers, lawn edgers and jackhammers.

(c) The operation or use of agricultural equipment, to include but not be limited to tedders, balers and tractors.

(3) Engaging in conduct that creates loud and unreasonable noises including, but not limited to the operation, playing, or using of any audio equipment, sound amplifier or other device which reproduces or amplifies sound.

(4) Evidence of a specific complaint or complainant is not necessary to establish a violation of this ordinance.

§ 97-7 EXEMPTIONS

The following uses and activities shall be exempt from noise level regulations:

A. Noise of safety signals, warning devices and emergency pressure-relief valves.

B. Noises resulting from any authorized vehicle when responding to an emergency call or acting in time of emergency.

C. Noises resulting from emergency maintenance work as performed by the town, by the state or by public utility companies, to include snow-removal operations.

D. Municipal maintenance work where the abutters to the work site have been given prior notice of the project.

Town of Conway, NH

E. Any other noise resulting from activities of a temporary duration permitted by law and for which a license or permit therefor has been granted by the town.

F. Vehicles, tools and equipment, except during time periods of their prohibited use.

G. Snowblowers and other types of private or commercial snow-removal operations.

H. Parades and public gatherings for which the Town of Conway has issued a permit.

I. Bells, chimes or carillons while being used for religious purposes or in conjunction with religious services and those bells, chimes or carillons that are presently installed and in use for any purpose.

§ 97-8 APPLICATION.

Application for a permit for relief from the noise level designated in this Article on the basis of undue hardship may be made to the Town of Conway. Any permit granted by the Town shall set forth all conditions pertaining to the specified noise and a reasonable time limit for its abatement.

§ 97-9 VALIDITY

If any section or part of a section or paragraph of this Ordinance is declared invalid or unconstitutional, said declaration shall not be held to invalidate or impair the validity, force or effect of any other section or sections, or part of a section or paragraph of this Ordinance unless the purposes of this Ordinance cannot be accomplished in the absence of the invalidated provision.

§ 97-10 EFFECTIVE DATE.

This Ordinance shall take effect upon its passage.

2021 PROPOSED OPERATING BUDGET NARRATIVE

Introduction

The following narrative presents the proposed 2021 operating budget for the municipal government of the Town of Conway as amended at the Town's Deliberative Session on March, 1, 2021. The proposed budget totals \$12,092,080 which is an increase of \$319,483 or 2.71% over the prior year's appropriation. It includes budgets for the Police Department and the Conway Public Library which were submitted by the Police Commission and Library Trustees respectively.

The default budget has been determined by the Budget Committee to be \$11,880,353. In general, there have been cuts to Seminars and Professional Development line items in certain departments to reflect the current reality that most continuing education is now being done on-line due to COVID concerns. The exceptions are in departments where personnel are working toward their initial certifications and are on a fast track.

The COVID pandemic presents certain challenges to the budget process. In 2020, we experienced unforeseen and unbudgeted pandemic related expenses. Conway was able to apply for and receive Cares Act reimbursements for much of these. There is, as of this writing, no further stimulus money. One of the features of the reimbursements was that they were only available for unbudgeted expenses. This makes us hesitant to budget for these expenses in the coming year on the off chance that a second stimulus package becomes available with the same conditions. The Board of Selectmen have opted to begin charging for parking at popular parks and recreation sites to hopefully offset these expenses.

Departmental Summaries:

Executive: In 2021, We are proposing a reorganization of the Department of Public works which we believe will improve the Town's engineering services and improve oversight of the DPW operations all at a reduced cost to the taxpayers. The position of Town Engineer/DPW chief will be split. The DPW Chief will become a management position with no overtime. The DPW chief will report to the Town Engineer but the day to day supervision of operations at the Town garages, transfer station and landfill will be the DPW Chief's responsibility. The foreman of the landfill will not be replaced resulting in the cost savings. The Town Engineer will have more time to review projects in house eliminating the need to "farm out" Town engineering services to third party companies as often happens now. The Town Engineer's salary is moved to the Executive Department resulting in that department seeing a significant increase of 47% in that department's bottom line. This increase is offset by reductions elsewhere in the budget. An increase has also been recommended for the Board of Selectmen. Research indicates that the last time the Selectmen received a stipend increase was 1993.

Elections and Registrations: Is being decreased by 6%. 2020 was a busy election year with a Presidential primary, a Town election, a State primary and a Presidential election. This year there is only a Town election thus warranting the reduction.

Finance and Tax Collections: Is up 5% primarily due to salaries and an increase in the cost of lien fees.

Assessing: We have had difficulty finding a full-time Assessor. There is a shortage of qualified assessors in New Hampshire. Our location and what we can offer for salary and benefits inhibits our ability to attract qualified candidates. As a result, I am hiring a contract assessor from a private company. Although expensive on an hourly basis, we can get by on reduced hours for at least the next year and we won't have to pay medical, retirement or other benefits. This results in a savings of over \$10,000 in that department (-6%) as well as savings in benefits. We would likely need to return to a full-time assessor position in 2023 to prepare and execute the 2024 revaluation.

Legal: Is being reduced \$10,000 based on historical spending.

Employee Benefits: Are up 9% net. The Town received increases of 9% in medical insurance rates. The remainder is due to plan changes by employees. HealthTrust, our insurance provider, explained the increase is a result of their determination that many people postponed medical procedures in the last year due to the pandemic and they (HealthTrust) believe that there will be a marked increase in the demand for medical procedures in the coming year.

Planning and Zoning: Is down 14% primarily due to reorganization.

Government Buildings: This section of the budget contains the appropriations that we need to adequately maintain and repair Town owned buildings. This department is up 54%. The increase is primarily due to moving Town hall from Center Conway to the former Bank of New Hampshire building in Conway Village. In addition to an estimated \$22,000 in rent, the new building is almost three times the size of the former. It stands to reason that the utility costs, heat, air conditioning and general maintenance would increase commensurately. Adding to this are new expenses that we did not have at our previous location. Precinct water and sewer bills are new. The new building has an elevator that must be inspected annually and maintained. We also have to have a dedicated land line in the elevator for emergencies. The new building has an obsolete fire alarm system that must be replaced. There is a 3,000-gallon underground oil tank that stores our heating oil that must be inspected and monitored. And finally, the Town will continue to own and maintain the old Town hall. So, almost all of our previous expenses at that location will continue. We have leased a portion of the second floor to Valley Vision and, while the rental income will offset the majority of these expenses, the \$10,800 annual revenue is not reflected in this budget as an offset. It will be reflected in our revenue estimates elsewhere.

Insurance: Our automobile and liability insurance rates were increased 5%.

Police: The Police Budget request is up 1% primarily due to increased training costs due to COVID and projected salary increases.

Ambulance / Fire and Emergency: These costs are mostly contractual.

Inspections: This department includes a new hire estimated to begin in June. This new person will be an Assistant Building Inspector and his or her primary responsibility will be the oversight and regulation of short-term rentals. Should the proposed regulations and warrant articles to institute these regulations fail, the new position will probably not be filled and we will continue with the part time Code Enforcement Officer we have now.

Highway and Solid Waste: The Highway Department and Solid Waste budgets reflect reductions primarily due to the proposed reorganization.

Health: The Health Department shows a slight increase due to an increase in the fees we are charged by the Humane Society.

Welfare: An overall decrease in the Welfare Department is due to the department is doing very well holding costs down.

Parks and Recreation: A 4% increase in the Parks and Recreation Department is primarily due to wage increases of entry level laborers. This was done due to the difficulty in retaining employees as well as in recognition of the level of skills and certifications that they need.

Library: The Trustees of the Conway Public Library submitted their budget. It shows an increase of 5% due primarily to salaries and benefits.

Patriotic Purposes: Is level funded although, little was used in 2020 due to the shutdown. The largest line item was for the Fourth of July and festivities were cancelled due to the pandemic. It is hoped that there will be a return to normalcy by next July.

Conservation Commission: Is essentially level funded (-\$100).

Interest on Tans: Is level funded. Although we did borrow this year and incur interest charges, we submitted the interest as a COVID expense and we were reimbursed.

ARTICLE 2: To see if the Town will vote to adopt amendment No.1 to Chapter 190 (Zoning) to include the following definition in §190-31 Definitions: “Short Term Rental: The rental of a dwelling unit for periods of less than thirty (30) days, rented or offered for rent for fifteen (15) or more days in a calendar year and where the dwelling unit is not associated with commercial activities such as a hotel, motel, or bed and breakfast. This is a non-residential use. A qualified short-term rental must have a business license in good standing from the Board of Selectmen.” **Proposed by the Board of Selectmen (5-0-0). Recommended by the Planning Board (7-0-0).**

ARTICLE 3: To see if the Town will vote to adopt amendment No. 2 to Chapter 190 (Zoning) to revise Attachment 2 - Permitted Use Table to include Short Term Rentals as a permitted use in all zones where single-family residences are currently permitted. **Proposed by the Board of Selectmen (5-0-0). Recommended by the Planning Board (6-1-0).**

ARTICLE 4: To see if the Town will vote to adopt amendment No. 3 to Chapter 190 (Zoning) of the Municipal Code of Conway to revise §190-13.B.(4)(a) regarding the Special Exception for conversions of older homes to make it consistent with that provision in other applicable zoning districts including a short-term rental restriction, as follows: §190-13 B. Lot size and density.

4. Special exceptions.

- (a) In order to preserve and safeguard Conway’s older homes, but also allow for their conversion to multifamily dwellings, the Zoning Board of Adjustment may grant special exceptions for residential structures and accessory structures on the same conforming lot, provided that:
 - 2. Substantially all of the structure was constructed prior to 1930.
 - 3. ~~Modification of the interior does not exceed four units~~ **The total number of dwelling units on the site does not exceed four (4).**
 - 4. **No less than 5,000 square feet of land area must be provided on the parcel for each unit that exists or is to be constructed thereon.**

5. [3] No significant changes to the exterior lines or architectural detail are made which would diminish the historical or architectural heritage of the structure.
6. [4] Adequate area is available for parking and sewage disposal **outside the setback and buffer areas.**
7. [5] Accessory structures must have at least 300 square feet of living **occupiable** space per unit suitable for conversion to a dwelling unit and not conflict with the purpose and intent of this section.
8. **All of the dwelling units shall be used for long-term residency; short-term transient occupancies of less than 30 consecutive days of any dwelling unit is prohibited.**
9. **Scaled floor plans and a scaled site drawing must be submitted to the Zoning Board time of application to ensure compliance with the requirements for this special exception.**

Proposed by the Planning Board. Recommended by the Planning Board (7-0-0)

ARTICLE 5: To see if the Town will vote to adopt amendment No. 4 to Chapter 190 (Zoning) of the Municipal Code of Conway to revise the Special Exceptions for Accessory Dwelling Units (ADUs) by repealing the requirement that the owner shall be the full-time occupant of either the primary single-family dwelling or the accessory dwelling unit. The specific sections that are amended include: §190-13.B.(4)(b)[3], §190-14.B.(4)(b)[3], §190-15.B.(4)(b)[3], §190-16.B.(4)(b)[3], §190-17.C.(5)(b)[3], §190-18.B.(5)(b)[3], §190-19.B.(5)(b)[3], §190-20.B.(5)(b)[3] and §190-24.B.(4)(b)[3]. **Proposed by the Planning Board. Recommended by the Planning Board (7-0-0).**

ARTICLE 6: To see if the Town will vote to authorize the Board of Selectmen the powers to regulate short term rentals under RSA 41:11-C and charge fees to license them under RSA 41:9-a. **Recommended by the Board of Selectmen (5-0-0).**
